

CHEMISTRY PACKAGE

1. Advances in Carbohydrate Chemistry and Biochemistry
<http://www.sciencedirect.com/science/bookseries/00652318>
2. Advances in Catalysis
<http://www.sciencedirect.com/science/bookseries/03600564>
3. Advances in Planar Lipid Bilayers and Liposomes
<http://www.sciencedirect.com/science/bookseries/15544516>
4. Annual Reports in Computational Chemistry
<http://www.sciencedirect.com/science/journal/15741400>
5. Annual Reports in Medicinal Chemistry
<http://www.sciencedirect.com/science/bookseries/00657743>
6. Annual Reports on NMR Spectroscopy
<http://www.sciencedirect.com/science/journal/00664103>

LIFE SCIENCE PACKAGE

1. Advances in Applied Microbiology
<http://www.sciencedirect.com/science/bookseries/00652164>
2. Advances in Cancer Research
<http://www.sciencedirect.com/science/bookseries/0065230X>
3. Advances in Genetics
<http://www.sciencedirect.com/science/bookseries/00652660>
4. Advances in Immunology
<http://www.sciencedirect.com/science/journal/00652776>
5. Advances in Microbial Physiology
<http://www.sciencedirect.com/science/bookseries/00652911/63>
6. Advances in Parasitology
<http://www.sciencedirect.com/science/journal/0065308X>
7. Advances in Pharmacology
<http://www.sciencedirect.com/science/bookseries/10543589>
8. Advances in Protein Chemistry and Structural Biology
<http://www.sciencedirect.com/science/bookseries/18761623>

9. Advances in Virus Research
<http://www.sciencedirect.com/science/journal/00653527>
10. Current Topics in Developmental Biology
<http://www.sciencedirect.com/science/bookseries/00702153/80>
11. Current Topics in Membranes
<http://www.sciencedirect.com/science/bookseries/10635823>
12. International Review of Neurobiology
<http://www.sciencedirect.com/science/bookseries/00747742>
13. Methods in Microbiology
<http://www.sciencedirect.com/science/bookseries/05809517>
14. Progress in Medicinal Chemistry
<http://www.sciencedirect.com/science/bookseries/00796468>
15. Progress in Molecular Biology & Translational Science
<http://www.sciencedirect.com/science/bookseries/00796603>
16. Vitamins and Hormones
<http://www.sciencedirect.com/science/bookseries/00836729>
